### "WINNERS of the WEST"

Episode Seventeen

#### "The Cave of Terror"

HE Spaniard kicks the gun from Blair's hand and disarms him.

Dashing them into the cave he saves Arthur and Betty from the shaggy arm of what proved to be a bear. Routing the cougar, he conducts Arthur and Betty to the treasure cavern and they find the gold.

He relates to them the story of the ancestor, James W. Standish, a buccaneer, who left the ship of Capt. James W. Cook in 1777 with a chest of pirate gold.

Taking the gold to the Spaniard's cabin, the three are watched by Louis Blair. He instructs Claire to get Walsh and his man.

In due time they come and attack the cabin. Standish and Betty escape with the gold. Claire and Blair and the men follow in pursuit of them, leaving Walsh behind fighting with the Spaniard in the latter's cabin.

Making a sheer descent down a precipitous hill, Standish is thrown from his horse. Helpless for a moment, Blair orders the men to attack him. While they follow out his order, Blair seizes the gold and dashes away on his horse with it, followed by Claire.

And Standish helpless, succumbs under the attack of his enemies—and the gold of his ancestors seems lost forever.
